# I-SMS STORM Free For Windows

[Download](#)

**Download**

I-SMS STORM Cracked Version is a comprehensive and lightweight application especially designed for users who want to easily manage and organize their mobile contacts. You can quickly import or export contacts, create various message templates, personalize your signature and generate various reports. I-SMS STORM Crack Mac is compatible with most of the

---

most popular mobile phones of the world. You can import contacts from your mobile phone address book as well as Gmail, Yandex, VKontakte, Outlook, etc. - Import/Export contacts - Create various message templates - Personalize your signature - Generate various reports I-SMS STORM

Requirements: Windows 2000/2003/XP/Vista/7/8/8.1/10 and Mac OS X 10.4 and higher. Minimum Free Disk Space: 10

---

MB. Available for: Windows.

Slipstream is an easy to use SMS software, designed to improve your life. With a slipstream you can easily:

- Add your business or your personal number to your mobile phone (100 numbers included)
- Configure the SMS to work as an alarm, a timer, a reminder or as an event generator
- Set up to 50 recurring events, with a frequency, date and time period
- Recurring events are handled by a universal

---

way: you enter the time and date of the event in one window and you send it to the mobile phones of the people you choose - Set up the SMS to send itself automatically at a date, time and frequency you choose, even if you are not near your mobile phone or have no network signal - Change the message texts you receive to your preference: you choose when the message arrives, the text to send and the people to whom you send it - Set

---

a pre-defined text that will be sent to the people you choose as soon as a message arrives to your mobile phone - Send the pre-defined message and automatically send the same SMS to all the mobile phones of your relatives and friends - Get notified when a message arrives and you can read the content of the message without opening your mobile phone - Set up the SMS to send itself automatically once a day, once a week, or once

---

a year - Send a message to many contacts at once without retyping the address or the content -  
Configure your mobile phone to send you a notification of every message that arrives - Set your mobile phone to silent mode when receiving the messages -  
Switch the

I-SMS STORM Crack+ With Serial Key (Final 2022)

**KEYMACRO** is a free desktop SMS messaging tool that enables

---

you to easily send automated messages to any number of mobile phones simultaneously. The program enables users to preview SMS messages before they are sent. Additionally, you can personalize your SMS messages as well as your signature. KEYMACRO can also be used to create bulk SMS messages and to synchronize your devices.
