What's New in the?

English Reading and Writing Exercises is an educational piece of software that allows you to test and improve your English writing and reading skills. The main features of the English Reading and Writing Exercises: Perform exercises designed to test and improve your English writing and reading skills. There are a number of exercises (ca. 300) covering such topics as dialogs, text composition, vocabulary and general language skills, and also grammar, spelling, listening comprehension and pronunciation. The exercises include four levels of difficulty: Beginner, Intermediate, Advanced and Expert. You can check your progress in an online teacher's workbook. Additional tools in English Reading and Writing Exercises: Word analysis - There are a number of writing exercises that force you to make frequent use of certain words, the frequency of which can be displayed on a separate screen (see image below). The program also has a built-in speech synthesizer that allows you to hear the results of your work. Learning and teaching mode. The program can be used in learning or teaching mode. When used in learning mode, all questions will be pre-designed and you can only choose answers from the software's database. When you click on the "Learn Mode" button, a dialog box will appear asking which mode you want to use: learning or teaching. If you select "learning", you will see the learning mode window, and if you choose "teaching", you will see the teaching mode window. History of test results. The history of your tests. Your previous tests are recorded and you can see your progress in tests and exercises. Pause and restart tests. Tests can be paused and restarted in order to change or correct your answers. Editing in progress. You can edit your answers even when the test is in progress. Advanced features. English Reading and Writing Exercises has

advanced features such as user-definable (add, edit, delete) personal data files, a file with all the exercises you have completed and printed, a window that shows the grades you have achieved, and much more. Quick result check. You can check the results of your exercises in just a few seconds. Results can be displayed in both English and Russian. Exercises can be easily shared with your friends via email. "Remember my answers" function. A file with all your answers can be downloaded. "Start with beginning" function. You can start a new, blank exercise from the beginning. "Quick mode" function. You can take an exercise in a special mode: one step or three steps; by choosing a step, you will see just a few exercises at a time. "Numbered questions" function. Support for Russian. The program's interface, tests and exercises can be read in Russian. Test support. Tests can
