Endless Amounts of Succor!

Losing one's life can be dangerous, but there is more than enough succor waiting just around the corner.

By controlling the body of the giant Majin, you can use powerful skills such as slaying the Behemoth, which destroys surrounding enemy troops; devoting the mighty Galka, which shoots out enormous explosions; or the dragon-induced lordly Kugouga.

When battling the towering demon Gakuten, which summons infinite hordes of archdemons, you'll have the advantage of being a nomad who has the endurance to fight despite endless damage.

For more details on the offensive and defensive skills on offer, contact the Trading Center.
