FIFA announced that EA SPORTS has begun working on FIFA 22 and that the game, which will be released in 2015, will feature improved ball physics, new creative moves and new stadiums and playable leagues. Graham Felton, Head of FIFA at EA SPORTS, said: "FIFA is an iconic franchise and we want to deliver the most realistic experience possible on console, PC and mobile. We are excited to bring the most advanced ball physics available in video games to our fans in FIFA 22." Taye Diggs, star of NBC's Jay Leno Show, was recruited to play as a Premier League player in the "Leno Tribute" mode of the game. UK-based singer and songwriter Joe Atkinson released a music video featuring professional footballers exploring the styles of the genres found within the FIFA 22 soundtrack, with guest appearances by Taye Diggs, Tom Daley, David Beckham and Simon Fuller of The X Factor. The soundtrack features various new and returning artists, including True Panther, Ed Sheeran, Charli XCX, Dizzee Rascal, David Guetta, Calvin Harris, Example, Jamie xx, N.E.R.D., Disclosure and more, and includes music from across FIFA's 15-year history. Features Key:

- Football genius – Take control of your favorite professional footballer and truly be the footballing genius at your club – whether you choose to give midfield command from the deep-lying creator role, manage your star striker or create something truly special yourself, FIFA 22 will give you the tools you need to build a world-class squad.
- Acclaimed gameplay – FIFA 22 uses the power of the Frostbite Engine, which delivers a thrilling blend of speed, fluidity and immersive depth, ensuring football fans get to experience the thrill of the world’s most popular sport like never before.
- Dynamic 3D Player Faces – Kicking off with a complete overhaul of the player models, which now feature more-detailed and impressive facial animations and player expressions, there are now over 500 different body and facial animations in FIFA 22.
- Dynamic Physics – Improved in-game physics are now in FIFA 22, adding a fluidity and responsiveness that ensures the game is more authentic and responds to how players move in the environment. Dynamic Player Trajectories and Dynamic Ball Behaviour make the game feel more realistic while the improved AI functioning of the players offers more control over the match flow.
- Dynamic Shot Motion – Dribbling featured on the ball and above the head at the same time has been moved from a separate ragdoll and is now seamlessly integrated with animations.
- Redefined Match Engine – The new match engine introduces revolutionary updates and improvements to everything from ball movement and player skills, to play-making, defending, passing and acceleration.
- Massive Improvement in Player AI – Improved and flexible gameplay with a host of new features such as Dynamic Trajectories, more realistic reactions and improved AI functionality.
- 2K Play Style Match – More control over the flow of the game is given to the player when AI-controlled teammates set up the play and make the final decision about where the ball should go. Movements of both teammates and opposition are also more dynamic and realistic.
- Near Perfect Matchball - FIFA 22 features a full upgrade of the Matchball engine, which brings the simulated ball to life in a way that lets it physically respond to the action on the pitch.
- True Player Ability - Demystify player attributes, choose between a small or large screenshot, and more importantly, actually feel what it'

FIFA is the world's leading sports video game franchise. For the first time in the brand's history, EA SPORTS FIFA is creating brand-new worlds and modes to bring the global, club and national teams experience to life. The Player is King FIFA 22 introduces a brand new way to control players: Real Player Motion Technology (RPMT). RPMT creates a new dimension of player intelligence and motion by recognizing the unique physical characteristics of each player, and then creating realistic animations and behaviors throughout the entire player career. RPMT allows you to choose and play in the style of your choice. An all-new Speed Style Mode lets you take control of how the game is played and compete at the speed you prefer. In The Mix The all-new Seasons Mode allows you to play with your favourite player across the season calendar. You can build your

team from scratch and compete with friends in head-to-head battles. Or you can choose your team from a player pool and compete in challenge matches.

Rampage Tactics The all-new Capture the Flag mode is a thrilling and fun game mode where players run and jump to score on a fast-paced, action-packed football pitch. Teams attack or defend in search of a flag with a unique design. Rampage Tactics introduces a brand-new style of play, giving you the opportunity to adopt gameplay that suits your style. Players can choose to switch between a direct free kick, a slightly flatter or ramp-up shot, or even a lobbed pass.

New Events With more than 100 events across modes, FIFA 22 includes more than 100 new interactions. From celebrations, dunks and dribbles, to ambitious tackles and breathtaking volleys, every action will have new meaning on the pitch.

FIFA's First Family New Headers - Now you can send the ball like a member of the FIFA family, with header celebrations all your own. - Now you can send the ball like a member of the FIFA family, with header celebrations all your own.
