I was impressed with the new \"Share for Review\" feature. I had the same problem with other software, and Adobe clearly has a first rate development team. The new features in the communication layer are perfect. Adobe is on top of their game and it's nice to see some innovation in a software that dominated for years. I downloaded the latest version of Photoshop from the Adobe website and took it for a quick spin. It's a quick one time download and installation. My experience with the latest notable enhancements in Photoshop is that even simple enhancements like cropping were an improvement over the version I reviewed about a year ago. I was a bit surprised when I downloaded the trial on my PC. It doesn't activate Photoshop for me, even after I log in with my Adobe ID. Like other reviewers have mentioned, it takes the video tutorial and quick start options and leaves the full program as a PDF file.
