- In the world where the Elder God met with the creation of Mana, the land of the Mortals became Heaven. - The Lands Between the Heaven and the Worlds After is a land in which the Elder God made a covenant with the heroes and bestowed them with the power to protect the Worlds After. - The Mortals who did not achieve the covenant shall be subjected to the suffering of the Burning Hell and, unless the oath of the covenant is fulfilled, shall be taken by Necrosis and plunge into the Earth. - Even the Shining Heroes who preserve the covenant at the peril of their lives, and the Divine Heroes whose power strengthens the covenant, cannot save the Mortals by themselves. - The Mortals' salvation is not the work of the Shining Heroes or Divine Heroes alone; the collective experience and effort of all Mortals is required. - An era of the Tarnished Heroes has come. • Today we release “Deck Glider II”, a new card that can move onto the land of the Warriors. • The card comes in a set of 2 and can appear in the following card. It will appear in a special area of the World Map, and can be summoned only by Warrior cards. - The cards have a glittering power in the game, and are a powerful card that can change the game at any time. - The Summoning of “Secret Garden” will be announced at a later date. • Note: The “Secret Garden” card is a card with a combo of a Warrior card and a Magic card. - Made using an Unreal Engine 3.0-based game engine, the

• Those who love the deft use of vector techniques and the Japanese manga style, and enjoy an epic medieval action RPG. • Those who seek a realistic depiction of the action with immediacy and edgy styling, and want to enjoy the spectacular world of fantasy.

Production of the *Elder* manga is completely independent of vector techniques' official branch project, Kotobukiya. The story, character design, illustrations, and anime production are all separate streams based on their own internal method.

The author is To Sun Shinya, a man who was born in the 1980s and now works in light novels and comics. As a member of the Dusk Sword fan club of Nekomi, he is developing *Lustful Lady* and the Elden Ring series.
