
Cool Edit Pro 2.0 Registration Key Download REPACK

Please open----- Download Cool Edit Pro 2.0... And copy (or delete) folders C:\Program Files\Cool Edit Pro 2.0\ and C:\Program Files\Cool Edit Pro 2.0\Tools\... Install the program. And after you installed it, I would like to install another program, but it's already installed. How do I remove this without uninstalling Cool Edit Pro I did this for VS2010, but it might be equally applicable for other versions: Right-click the program in the \Program Files\ folder and select "Run as administrator".
