I stumbled upon your writing whilst searching for a ritual that I am told was practiced during the Sangam period. My search brought me to your article titled Understanding some problems in Tamil Literature through Tamil Cinema!. I loved reading every bit of it. I have stopped searching for sources now as I am convinced that you are a store house of information. I am glad to have spotted you. You have written a vast amount and I will surely read them all but my impatience leads me to wonder if you probably might also have written about the ritual I was searching for. I am told the ritual was called, Manjal Neeraatu Vizha. Can You please tell me, where to

find the Sangam Tamil pdfs in tamil? Ive gone through the link you provided but all i am getting is the kurunthal (Kurunthil being the literary term for Vadaikku meaning the one who carries). Thanks in advance I doubt if you can find any pdf copies of the Sangam Tamil in English. I found this site: <http://www.devangi.com/pages/sangam>. You can find these PDFs on it in Tamil. Go to the page and change the language to Tamil. Then click on Go. I heard that Tamil was first learned with the help of Sangam literature but I dont know how to get the same. Is there any modern book available in Tamil with the same information that exists in the Sangam literature? I think a myth is

circulating that during the Sangam period "samudram" is used when we speak about sea. We should have "nedungaram" for sea. Actually "samudram" means a body of water. So we can't always speak about "massam" when we talk about sea because in some cases it is not a sea but a lake. "Massam" means a body of water which is close to land. But "massam" like "doodam", "idduram" etc. can be used as meaning of "a sea". For example "doodam" means "massam" also. So "massam" or "doodam" can mean sea or lake. So we can't generalize that in the Sangam period "massam" is used only for sea. For example, there are several names for "Salamsuram", which is a coastal town in Tamil

Nadu. In Tamil, it is called as "Thondamanandal" which means "Thonda-manthu" which means "sea of good" (Thondam means "sea", Manthu is a common noun for good), "Thonthana-uthru-manthan" which means "Thondam ends, good starts". Also, "Thondamaiyam-tain" which means "the sea ends and the good starts" and "Thonthayal"- "Thondam has finished, good starts". Many more examples can be found in the popular literature. All those people who make this "samudram" argument, did not read the Tamil dictionaries. They do not know anything about the Tamil language. They do not know about the history and the cultures of the Tamil people. They even do not know about the
