Medexa is a medical clinic management software. Discover all the features offered by the program and request a demonstration. Contact us by e-mail: medexa@medexa.com. In recent years, there have been a number of software products on the market designed to help physicians manage their medical records. Unfortunately, their design does not always take into account the specifics of medical institutions in Russia.

Logiciel Gestion Cabinet Mdical

A comprehensive solution to facilitate IT management of your medical practice. Keep appointments, monitor patients, write prescriptions, and bill patients. Work with your physician in one place. Customize your workflows to your liking. Stay in touch with your doctor and clients. Pay your bills online.
